Changing verbs from their base form (V1) to their past tense (V2) and past participle (V3) forms in English:

Rules for Regular Verbs (most common):

Add "-ed" to the base form:

1. For verbs ending in "e," add only "-d" to form V2 and V3:

V1: Dance → V2: Danced → V3: Danced

2. For one-syllable verbs with a single vowel followed by a single consonant, double the final consonant before adding "-ed":

V1: Stop → V2: Stopped → V3: Stopped

3. For verbs ending in "y" after a consonant, change the "y" to "i" and add "-ed":
